Improving Inpatient Mental Health Services for Lambeth

Public consultation on proposals to improve inpatient (hospital)
mental health services for adults in Lambeth

Consultation runs from 4 March 2020 until 31 May 2020

Consultation survey

NHS Lambeth Clinical Commissioning Group (CCG) is proposing to move some the Trust's inpatient (hospital) services for adults, currently at Lambeth Hospital, to new facilities on the Maudsley Hospital site, in Denmark Hill.

We want to know whether you agree with the move, what benefits you think the project could have and what concerns you have. We are also keen to understand your views on whether the proposal might affect some individuals and groups more than others. Do you have any other solutions or alternative options that you think we should consider?

Your views are important to us.

Please complete this survey online or by hard copy and return it using our freepost address, **NHS MENTAL HEALTH CONSULTATION**.

The proposals are explained fully in our consultation document which you can find on our website by visiting **lambethtogether.net/lambethhospital**

Information is also available in an easy-read format and in Spanish, Portuguese and Somali on our website.

We look forward to hearing from you.

Overview of the proposal

At Lambeth Hospital the wards are in a poor condition. The buildings are old and are not designed to meet modern health and safety needs. They also do not provide an ideal therapeutic environment. This impacts on people's recovery and the experience of the care they receive.

Service users (patients), families and organisations which monitor the quality of our services have raised this as an issue. To ensure the safety and quality of our services for service users in Lambeth, there is an urgent need to improve the inpatient accommodation.

We are proposing to move 82 adult inpatient mental health beds from Lambeth Hospital to new high-quality facilities on the Maudsley Hospital site, in Denmark Hill. This means four inpatient wards and a Psychiatric Intensive Care Unit (PICU) would be moved. If the move took place, the number of beds would stay the same.

NHS Lambeth CCG will be part of the new NHS South East London CCG from 1 April 2020.
